With in this body I will use letters A, B, C, D ... To list Defendants with in the event which can include co-Defendants by their number listed on Page one. With Relief to follow listed by the letter Associated with the event A, B, C, D ...

A. Defendants: 1 United States Rendition Program,
 2 United States Central Intelligence Agency,
 3 United States National Security Administration,
 4 United States Air Force, 5 United States Marine Corps
 6 Brenda Mae Quarry, Bower, Howard, Stinson
 7 Roger Harrison Bower USAF Colonel,
 8 Jeffrey Harrison Bower, 9 Scott Grizwald

In 2006 while Jeffrey Harrison Bower had cancer before his death slandered my name to many people, relatives, friends, co-workers, & military Associates claiming I was a sex offender by letters, e-mails, & phone calls. After the death of Jeffrey H. Bower on January 12, 2007; Brenda Mae defendant #6 carried on the wishes of Jeffrey H. Bower & Defendant #7 Roger Harrison Bower USAF Colonel spread the same lies to his military co-workers & family members & to Defendants; 1, 2, 3, 4, 5, 9. in which I was then placed

into the US Rendition Torture program, by the Central Intelligence Agency. In 2008 I attempted to enlist into the USMC Defendant #5 who passed me on the ASVAB & was ready to place me into USMC boot camp on a plane to San Diego, CA. Specifically March of 2008. Brenda Mae Defendant #6 came to the recruit center without me & told the members I was a sex offender, in which I was then never contacted by the USMC again. Scott G. Defendant #9 was close personal friends with Jeffrey H. Bower Defendant #8, & joined the A.R.M.Y. as Jeff joined the Marines in 1982, Jeffrey received a Dishonorable Discharge in 1985 for violently assaulting 6 M.P.s after an altercation with his Staff Sgt. in San Diego, CA. Scott G. would visit Jeffrey off of the base as he told us stories. Scott G. Defendant #9 also spread false rumors to his military friends, in 2007 up until the present. while in Lincoln, NE. The USAF requested me to join the Air Force, an officer approached me at a public park on 40th & South street & gave me his card this took place in 2008 of March I never called the officer. The USAF is Defendant #4. So, in 2008 I figured I would join the USMC Defendant #5 in March.

by going to the recruit Station in Lincoln, NE. I failed the ASVAB the first go around. I then continued to return to the center of Defendant #5 with the officers present. I was still in high school when I applied but I was of age. The officers saw my drive to want to serve in the usmc so they obtained an over ride from their Sgt. to accept me. I reported the news to Brenda Defendant #6 who then went to the center without me & slandered my name. I never heard back.

I then learned of a "Broadcast," a term used with surveillance, similar to an All person Broadcast, but used with higher advanced technology such as Satellites, & IM2-captures a mimic cell phone tower tool to intercept cell phone calls & emails to listen to live conversations which are operated by the N.S.A. Defendant #3 & The C.I.A. Defendant #2. in which both defendants use local law enforcement to target, arrest, detain & torture the subject or person of interest, on something called a "Black File," the same files Edward Snowden, ex-NSA employee had access to in Hawaii. I was without my consent used into the Defendant #1 Rendition Program - known for secrecy based on extra judicial nature of the initial detainment, known as a "Safe house",

where an officer is always on stand by. This safe house has "water boarding", "Finger Breaking", "Finger nail ripping", "cutting", for intelligence, names, or just to torture. Facilities that appear to be abandoned are occupied by military agents which include barns in the country. The purpose is to break down the target to full vulnerability, to kill the "Blackfile subject", or detain them with local or state police, to conflict psychological torture for break down of the target. Non-military ordinary civilians of America are being placed into this torture program. The USAF Defendant #4 use Airplanes to surveillance the target or black hawk choppers meant for war or rescue recon missions, based on a black hawk being able to hold 9 to 13 humans during one trip. The C.I.A. Defendant #2 will use the USAF Defendant #4 in support of this targeting, such as the use of cable television, or car radio broadcasting. Defendants 6, 7, 8, 9, initiated me into the Blackfile; in which I survived since 2007 after the 2006 start of it. The program is specific to each target, & it targets the target on its dislikes & likes with CBA's Community Based Agents in a program called (T.I.S.) Targeted individuals, that even have a website called

→

Targeted individuals . com , with C. B. A. Guidelines, to educate a T.I. on what is happening.

A C. B. A. when notified a T.I. is in their community they target verbally, steal items, cause drama, stress, to the target until the target Falls apart. please take legal notice this is treason punishable by death, the US constitution prohibits these Acts. A C. B. A.'s purpose is to make the T.I. appear delusional, mentally unkept, mentally unstable, for the purpose of "cancel culture", & "Censorship".

The USAF base in Colorado Springs, CO. uses beam ray activity to cause the target cancer when aimed at the targets body. The photos of weapons are on the T.I. website, which can be searched on Google. search. Based on law of Sovereign Immunity, Governments have gotten away with targeting me for years, in the Judicial system, with the use of Psychological torture, & due to my Autism I am seen as less believed or weaker by society members, inferior even to women & children, & treated as delusional. please Add, cases
